Test Booklets  
Project Value: \$3,965,000  
Project Completion: 2023

## Differentiator

Once your business's current and best customers have been identified, we can purchase direct mail and e-mail lists of consumers with similar characteristics as well as printing. This form of customer psychographic and demographic profiling provides you with a relevant list of prospective customers who could have already bought products similar to yours, have a need for your product or are more inclined to buy your product or service. Our successful campaigns build value and provide relevance.
